

A Regional Conference

Thursday, November 9, 2006 and Friday, November 10, 2006

Holiday Inn – Bridge Port, New Jersey

Relationships Between Environmental Exposure in Homes and Schools
to
Learning Disabilities, Developmental Disorders and Academic
Performance of Children

Relationships Between Environmental Exposures in Homes and Schools To Learning Disabilities, Developmental Disorders and Academic Performance of Children

Invitation – You are invited to join local, regional and national environmental researchers, scholars and social justice leaders in this dynamic conference. This conference is designed to meet your information needs and offer new ideas and strategies to improve our work in communities in this region regarding improving the environment in schools and in homes where children live.

Conference Focus:

Promoting environmental health/justice in homes and schools
Building regional coalitions, connections, and alliances in order to develop a healthy environment and stable neighborhoods, and improve environment for children in homes/schools

Who Should Attend:

Community Leaders, Concerned Citizens, School Leaders, and Parents
Faith Leaders
Union Leaders
Representatives of Local, State and National Organizations
Youth
Activists

Join us as we hear dynamic presentations; engage in vigorous conversation and learn how to advocate for environmental justice/health.

Workshop Focus:

1. Developing environmental health advocacy interventions in schools, neighborhoods, work places and homes
2. Pollution/Contamination in the Delaware Valley Region - Research and perspectives on Pennsylvania, NJ and Delaware and what to do about it
3. Developing community – driven legal, environmental justice, organizing, and advocacy strategies for youth and adults
4. Building and expanding Environmental Justice and Environmental Health Advocacy
